PERSONAL PROFILE

I'm a fullstack web developer that works with React, NextJS, TypeScript for the frontend, NodeJS and Express for the backend. PostgreSQL and MongoDB for database

WORK EXPERIENCE

FULLSTACK DEVELOPER (OUT 2023 - MAR 2024)

Developed a full-stack web application using ReactJS, Node.js with Express, and PostgreSQL. Implemented features for browsing, CRUD operations, and sorting books by author, title, or favorites.

SEO SPECIALIST (APR 2023 - AUG 2023)

Optimized a men's haircare website using SEO (Search Engine Optimization). Conducted keyword research, created high-quality content, and implemented on-page optimization techniques.

SALES REPRESENTATIVE (JAN 2022 - SEP 2022)

Conducted door-to-door sales, managed customer interactions, facilitated insurance claims, and handled financial transactions. Also took care of repair and car rental appointments.

ECOMMERCE OWNER (MAR 2020 - JAN 2021)

Ran an e-commerce store for household essentials using Shopify. Responsibilities included sourcing products, writing descriptions, and managing ads on Google and Facebook. Handled product purchasing, supplier communication, shipping processes, and payment operations.

CONSTRUCTION SUPERVISOR (FEB 2016 - DEC 2018)

At a family-owned business, I handled equipment rental, hired workers, and supervised day-to-day work on-site.

EDUCATION

COMPUTER SCIENCE
Estácio (2024 - 2028)

GAME DESIGN
Universidade Católica de Pernambuco (2019-2020)

BUSINESS ADMINISTRATION
Universidade Federal de Pernambuco (2016-2018)
